

SMRT Corporation Ltd – Executive, Transport Network Planning

You will play a key role in planning passenger transport networks. You will assume responsibilities in producing transport master plans, planning new bus service routes, amending existing bus service routes, evaluating proposals for passenger transport infrastructure such as bus interchanges / terminals / bus stops, and evaluating bus service requests.

Requirements:

You should have a good degree, preferably in transport studies. Proficiency in the use of MS Office applications, ability to meet tight work schedules, and good verbal and written communication skills are essential. Competency in transport planning and working experience in the public transport industry would be advantageous.
