

SMRT Trains Ltd – Assistant Engineer, Fare System

You will lead a team of Technical Officers to provide engineering and technical support including fault troubleshooting and repairs. You will also be involved in engineering investigations, enhancement projects, testing and system qualifications of Fare System equipment in MRT, LRT and Bus systems.

Requirements:

You should have a Diploma in Electrical & Electronics Engineering or Computer Engineering. You should be able to work effectively and independently under pressure in undertaking various roles in the Department. Candidates with related qualifications and/or working experience related to Fare System and those with high level of initiative and leadership skills will be advantageous. Candidates must be prepared to work rotating shifts.
