

SMRT Trains Ltd – Executive Engineer, Training and Audit

You will be trained as a coach in one of the specialised railway engineering disciplines. You will be required to work with other engineering and projects staff to update the training materials and to convert course modules into e-Learning format. In addition, you are responsible to conduct refresher training and re-certification for specialist staff.

Requirements:

You should have a good degree in electrical, mechanical or civil engineering with a strong interest in railway engineering. Candidates with Polytechnic Diplomas and appropriate training experience may be considered for junior position.
